The Opus '47

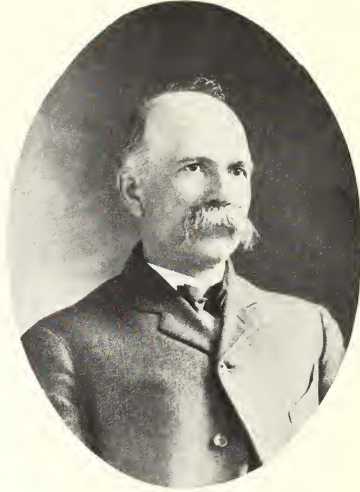

Published by the Students of
Euclid Central High School

Euclid, Ohio

Dedication

Mr. Everett Abbey,
First Superintendent.

We dedicate this book to the Fiftieth Anniversary of Euclid Central High School. On May 28, 1897, the first graduating class received their diplomas at the hand of Mr. Everett Abbey, who was the first superintendent. The members of the senior class were Olive Callahan, Will Houck, Ella Houck, Libby Pelton, Addison Verbsky, and Loyda Verbsky.

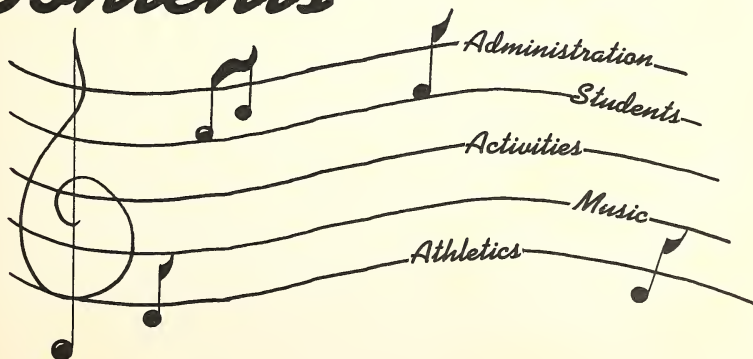

We also dedicate this book to the city of Euclid, which is celebrating its Sesqui-centennial this year. The township of Euclid was officially settled in 1797 by eleven families. In one-hundred-fifty years Euclid has grown from a small settlement of eleven families to a population of 38,000. It has ten churches, eight schools, fifty-six types of factories and is still rapidly growing.

Foreword

Music is the key that opens the pages of this lyric number of the Opus. It is our desire to record within its pages many things that will recall fond memories of the days when your voices played their part in the year-long hymn to knowledge through the halls of Euclid Central.

*So for your enjoyment we present
"The Hit Parade," your 1947 Opus*

Alma Mater

We sing our praise to thee,

our alma-mater,

In gratitude for memory's

golden store.

Of friendships that were made

in joy and sorrow,

That we shall cherish now

and ever more.

Friend of our youth, we hail thee,

Euclid Central;

To thee we pledge our

faith and loyalty.

Administration

TC.

To members of the January and June graduating classes, 1947—my most cordial greetings. Many of you have had the privilege of attending Euclid Central for six years. Within that time you have had the benefit of stimulating instruction and wise and kindly guidance. It has been a rare privilege for members of the Faculty to see young boys and girls develop into young men and young women. I trust that during these years you have discovered your responsibility to society. More than this, I hope you have developed a desire to work for the common good of all. It is my fervent hope that you will ever be loyal to these very noble ideals.

"Opus '47" marks another milestone in the progress of this school and community. This splendid yearbook is one of the high points in Euclid Central High School's commemoration of Euclid's sesquicentennial (1797-1947) and the Golden Jubilee of our first graduating class (1897-1947).

It is my distinct pleasure to have a role in the dedication of this excellent summary of student and faculty life. Richly deserved congratulations are extended to the staff and sponsor of Opus '47.

Euclid Central respects the past and greets eagerly the opportunities in the present and future.

Luc R. Gilbert

Principal.

New dean of girls at Euclid Central is Miss Dorothy B. Gill, who was formerly with the faculty at Euclid Shore. Besides handling the difficult dean's position, she teaches Junior High science and heads the Girls' League and the Red Cross.

Mr. Clifford Owens, the dean of boys, is one of the helpful advisors of this school. His job is that of keeping the boys of Euclid Central in good harmony. Under his guidance they are well on their way to becoming good and dependable citizens of the community.

A vital man in our school system is Mr. Voorhees. As director of student personnel he is very busy keeping students in tune. Among his many duties are issuing work permits and straightening out problems of returned veterans.

As well as filling the position of school treasurer, where he is called upon to take charge of ticket sales and money for various organizations, Mr. Clemens Blauch carries a regular teaching schedule with classes in English, Government, American History, and Social Problems.

Members of the Board of Education who have helped to maintain the American principles of free education in Euclid are Loren J. Bullard, John F. Davis, Anton E. Strohm, Loyal E. Luikart, Russell H. Erwine, Frank Mills, and C. E. Bowman.

I just want to start a flame in your ???

This year twenty-five percent of the teachers are in the Science Department. The science classes are taught in what is called the "Science Wing" where several rooms contain all the necessary equipment for conducting experiments, the most popular part of the course. The classes have movies, take trips and have other outside activities when conditions are right.

The Science Department as well as the rest of the school is proud of the results of the recent examinations given at Kent, Ohio, for Lenore Jerabek, a 10B student, won fourth place in the whole state.

MR. HAROLD McBRIDE—English, Social Studies, Business, Senior Class sponsor, Boys' Recreation Club.

MR. CLEMENS BLAUCH—Government, Social Studies, American History, Economics, School Treasurer.

The Social Studies Department has begun a new course of study this year in the ninth grade, Inter-American Relations. Another new course is the study of Euclid's history and its place in a metropolitan area. Social studies classes visit the courts in Cleveland throughout the year and this year Mr. Hoon sponsored a trip to Greenwich Village in Michigan.

The department has furthered interest in other countries with the International Relations club, sponsored by Mrs. Stewart.

 MR. ALBERT MILLER—Math, Science, Algebra, Jr. Varsity Club, Jr. Football and Baseball Coach.
 MR. LOREN GRAY—Algebra, Math, Science, Sr. Cord Club.

The Math Department under Mr. Koth had two projects for this year. The first was to standardize the math classes so that in future years the student would have no difficulty when he changed classes. The second project was the centralizing of the math department at one headquarters. An office was set up in which all math tools, supplementary texts, work books, and a file of individual students' math work to show their progress are kept. The teachers may borrow from the office at any time.

Trigonometry, general math, advanced algebra, and shop math are offered to fill the needs of future college students as well as of those who will immediately begin earning their living after graduation.

Onesey, Iwosey.

I'll get by as long as I . . .

MR. MARCEL MARCOTTE—General Language, Spanish, French, Spanish Club, Opus '47 sponsor.

Speak Low

Mr. Marcotte has charge of the Foreign Language Department. This year one hundred-forty students are studying either French, Spanish, Latin, or general language. French had not been taught at Euclid Central for five years and this year it was brought back into the curriculum. The first semester Mr. Marcotte was assisted in this class by Mrs. Degner, a practice teacher from Western Reserve University. Pictured below is a scene from one of Mr. Marcotte's Spanish classes in which he celebrated "apple for the teacher" day.

Miss Surraarer's weekly vocabulary lists are remembered by many of the alumni. Today her students still inform us that she has not run out of words or definitions. The outstanding activity of the Senior English classes was their trip to the Hanna to see Maurice Evans portray "Hamlet."

An apple for the teacher.

Make believe.

Left to Right:

MR. NICOLAS PRICE—Industrial Arts, Stage Crew, Chess and Checkers Club.

MISS MARY HAUSHEER—Home Economics, Home Economics Club, Cheerleader and Friendship Club sponsor.

MR. FREDERICK VOLLMAN—Industrial Arts, Commercial Arts, Arts and Crafts Club.

MISS MARION HODDICK—Home Economics, Club Co-ordinator.

MR. WALTER EDWARDS—Mechanical Drawing, Industrial Arts, Lettering Club.

Pretty as a Picture

Oh! the . . . went round and round.

The Art Classes aim to create interest and understanding in art and train those people who are going to specialize in art after graduation. Entries were made in poster contests and the National Scholastic Art Contest this year.

The boys' industrial art classes work with metal, wood, and printing and study the tools used in this work; while the girls' home economics classes have projects in sewing, and textile painting, and they have full charge of the refreshments at all faculty teas. The cooking classes put on six luncheons to which they invited other students, faculty members, and parents. The girls visited the Health Museum and several clothing factories.

Home on the range.

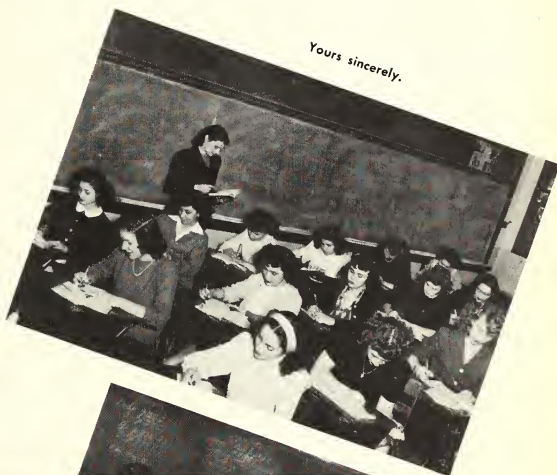

It's foolish, but it's fun.

Left to Right:
MISS MARY KESSINGER—Typing, Shorthand,
Handicraft Club.
MR. DELMAR SMITH—Shorthand, Office Prac-
tice, Athletic Association, Jr. Card Club.
MRS. LOUISE WINTERS—School Secretary.

Obtainable in the Commercial Department are courses in typing, shorthand, and book-keeping. Also offered is the Commercial Co-operative course, where the students are in school in the morning and obtain work experience in the afternoon. This comes under the philosophy of "Learning to do by doing." In most cases the students at graduation remain with the company for whom they worked as a co-operative student. These students have made an enviable record by their success in the offices of Euclid. This good relationship has been a boost for all graduates of Euclid Central who seek employment.

Yours sincerely,

Together.

Anvil chorus.

Pathway to Knowledge

The Euclid Central Library is used for reference work by students, faculty, and people of the community and also as a source of recreation by reading. Students may come into the library in any of their free periods to study reference books and they may borrow books at any time free of charge. The library contains reading material for the child and the adult. It is continually adding the latest books to its shelves and a great many magazines are subscribed to. New members of the staff this year are Mrs. McBride and Mr. Hilb.

Class Prophecy--January, 1947

Let's pretend the year is now 1957. Ten years since the brightest class of students graduated from Euclid Central High. We predicted in 1947 that every member of this class would succeed. Succeeded they have. Let's look in on their various activities.

Coming toward us is that tall and noble form of WILLIAM OSTENDORF. He is a high ranking officer in the food testing kitchen of the Navy. We find many of the members of this class still in Cleveland. Walking into one of the largest low firms of Cleveland, we find BETTE HAYDU, sitting on the knee of her boss, but suddenly a flash of furs and sparkling jewelry comes into the office. Under the furs is none other than the former LILLIAN MODIC, the boss's wife.

"I Have A Lady," these famous words said by our good friend IVOR BORK. He's the left balcony assistant for the Doctor I. Q. Program. Still in Cleveland, we visited the office of the local newspaper. As editor we find VINCE GLOBOKAR, and his assistant, PAUL BOYD. The name of their paper is "The Moaner." Featured on the front page is a sketch of JOHN MRSNIK, who has just been acclaimed the "Champion Moaner of 1957."

Traveling by rocket plane, we move to Atlantic City, where the annual "Mr. America Contest," is being held. The judges include two Clevelanders. ELEANOR FRANCHI, designer of men's sportswear, and JOAN KITTLEMAN, a buyer for a large Cleveland Department Store, will award this title. The winner is LARRY STARK, another former Euclid Centralite. He will receive 10,000 dollars, which will be used for future activities at the race track. While in New York, we visited the office of the Broadway Travel Bureau, and to our surprise found GUS KAUTROUPAS as the owner and operator. He highly recommended to us the play that is shaking Broadway, starring MISS LUCILE McNEAL. Miss McNeal was recently voted by her public as the top stage star of the year.

Traveling again, we move to South America, where we find MARY SVRGA being swept off her feet by the South American gentlemen. South America take her away! On our way back to Cleveland, we stopped once again in New York. And greeting us in bright lights is the pretty smile of ELSIE ZELE. She portrays the "Woman of Distinction" for the Four Roses' Advertisement.

Back in our home town, we find that MARY GORSE has opened up an exclusive dress shoppe. RAY CALEN, is still trying to persuade GLENN SANDERS, steamship tycoon, to give him two cut-rate tickets to Sweden. One is for a cute blond, better known as Mrs. Calen. Although not in Cleveland, CHUCK KASE and ED. DICENZO are bringing fame and victory to the Cleveland people. Chuck plays baseball with the Cleveland Indians, now the Pennant winners for three years. Ed. is the star and captain of the Cleveland Brown's football team. DON PEITRO, Mayor of Euclid, has recently given an address at the high school's Commencement Services.

Now we look in on the J & B Pretzel Co., where sitting behind a gold trimmed desk is president JOHN BROOS. In his employ is CORLISS ROACH, as chief pretzel bender. The rival company owned by DICK MAHER, has just completed a new formula for crunchless peanuts.

Now it's Saturday night and on the air is the Hit Parade. Star band is directed by DON BLACK. Featured saxophonist is JACK SOLOIN. The new sponsor of the Hit Parade is wealthy TOM JACKSON, also known as the King of the Midget Auto Races. SELMA WEINSTOCK has taken time off from her two children, to win the National Women's Tennis Championship. She was recently named the ideal mother and sportster.

Class Prophecy--June, 1947

Now as we gaze into our crystal ball, we see the June graduates of 1947 after a number of years have passed, and this is what we find:

WILLIAM KERSLAKE, the great scientist, has finished his experiments which prove the Einstein theory of relativity incorrect. STAN LUCAS, however is not quite as fortunate as Bill and is still trying to write a perfect paragraph to please Mr. Blackburn. Then we have DAVE ORR and DICK KOSTIC who find that being veterinarians is a profitable business.

Still at work on the new consolidated high school of Euclid are engineers DON ZNIDARSIC, DON FRAZIER, AL BASSETT, and DICK SPAETH. They are working hard to finish the school building so sorely needed since the increase of population.

PAT KREYSSIG and BETTY SAWHILL are dividing their time between families and work. Pat is teaching physical education, while Betty is working in a nursery school.

Having had a class of outstanding musical talent, we find band leader LOUIS MIKOLICH rehearsing for his performance at the Palace. His has been judged the Spotlight Band of 1957. His featured singer is WILLA DINWOODIE who has a pleasing radio voice also. GINNY STENBERG and her saxophone have made the Phil Spitalny Orchestra. You perhaps have heard her on Sunday evenings.

BOB KLAUS, after having had enough Navy life before returning to school, is still trying to find the right girl. JOE KOCHVAR finds life in the Navy is not so bad, even with ten more years to come.

Our four JOHNSONS, none brothers, have all separated. DON, having his college degree in his suitcase is now on a visit to Alaska, but ALLEN finds life in the Navy very interesting. KEN is playing with the Cleveland Barons hockey team and HALE, who was the musician of the four, is with the Cleveland Symphony Orchestra, and we might add doing very well.

If you have in mind traveling by air, we can guarantee efficient service from the expert pilot ART POHL, and hostesses MARIAN JAMES and PEG ESMIOL. A short trip to New York is a good excuse to stop at JOE LIKOSAR's exclusive night spot. He has been giving much competition to the Stark Club. While you're still there, you may chance to meet MARYLYN JONES who is a model at Saks Fifth Avenue, but if you need to have your hair set, be sure to go to DONNA SANNER's beauty salon, located on Lexington Avenue in the heart of the city. You can also go to Madison Square Gardens, where you will see NANCY BOWES who has been on the stage now for over a year.

On returning home, you may feel like something a little on the exciting side, so you go to the wrestling match. Here you probably see the former MYRTLE SIMMONS and her family, for they also enjoy watching this sport.

RUTH WELTER, the brilliant woman lawyer is now vacationing on her horse ranch in Montana, while SONJA THORNBLADH who has just finished her studies as a psychologist is leaving to go to her ranch in Wyoming.

When you're shopping at BOB TERRILL's modern grocery store, you undoubtedly will see the former ARENE NEAL, TILLIE MALAVEC, RUTH PABALIS, JOAN KING, or MARIAN ZAKOVSEK. They buy their family food supplies from him and their drugs from RONALD POLLACK, now a registered pharmacist, who owns the drug store just around the corner.

KAY GOLINAR is dividing her time between family and job as soda jerk, as ALICE MACZUGA is doing with her own beauty salon. They are kept busy doing a good job at two things, which would be enough for anyone.

The former PEGGY FENWICK was seen down town, with her beautiful daughter, the other day. LOIS YEAGER, who

was in search of a new outfit for her daughter, met HILDRED WILLIS buyer for the Sterling and Welsh Company as she was coming out of the store. In the conversation Hildred said that TERESA WALTERS was also doing buying, but for the Halle Company.

CHARLOTTE KOMINSKY has lots of interesting things to tell her friends about her world tour, while DORIS BURGETT can carry on the conversation throughout the United States. She has now seen all 48 of them on vacations from her art studio.

NADINE RIEBE, who is champ in many sports, has been named "World Famous Woman Champion." Not a champ herself, but having a championship team, MARGARET PIRCHNER now owns the Cleveland Indians baseball team. It took many years of endeavor, but she finally reached the top. On the team we find RALPH HIRSCH, 1st baseman; ED MIKOVIC, outfielder; and JOE LOVINS, pitcher.

Pro basketball has found a place for BOB LEHNER after he graduated from college. His height helps him make baskets easily.

Hunting and fishing seems to attract people to Canada, which means a visit to AL LYNCH's lodge, which is open the year round.

In the automobile business we find CHUCK EGENSEPERGER. He is selling all the latest models and may even give special prices. He has DOLORES MAHANY as his secretary and knee breaker.

LILLIAN MAKRAINSKY has completed her training and is now working on the biggest advertising contract of the century. ANGIE LOMBARDO has her own column in the newspaper. She is another Dr. Anthony answering all kinds of questions that are put before her.

Still playing cowboy but on their partnership ranch, we find BOB ANDERSON and PIERCE METZGER. They at last have reached their hearts' delight.

CLIFF BOYCE, with his ability to be funny, has followed in the footsteps of Bob Hope. He has appeared in movies, on stage and over the radio.

DICK BLACK, hardworking radio technician, has found his place in television. FRANK MAHNE has a college degree, has seen the world, and has now settled down to his job and his family.

LARRY HATTENDORF now manages his father's partnership business for the Hattendorf and Bliss Co. Sitting on his knee, when no one is looking, is his efficient secretary MARY ANN ZELE, who helped Larry work his way up.

East 200th Street is finally being repaired after all these years under the direction of JOHN BARTOL, who is now

Now as we pass on into the world before us, we would like to leave a word of appreciation to Mr. Russell H. Erwine, Dr. Lee R. Gilbert, our advisors Mr. Harold McBride, Miss Mary Kessinger, Mr. James Calvert, the deans, and teachers for their guidance and patience during our school career.

We realize that our presence in the office each day will be missed, but others are yet to come and fill our vacant places.

(Continued from Page 32)

Charles Tirabasso wills his mathematical ability to Bob Bairt.

Sonja Thornblad wills her natural blonde hair to Charlotte Gleeten.

Bob Terrill wills his three semesters of American history to anyone who can take it.

Jane Tomsic wills her love for polkas to all the non-grinders of Euclid Central.

Lois Yeager wills a package of grass seed to future marching bands so they won't be troubled with dusty and muddy shoes.

Chief Foreman on the W. P. A. Prominent among all the mechanics of the class, BOB POTTER now owns and operates his own garage.

Dressmaker and designer JANE TOMSIC has a job with Metro-Goldwyn Mayer. CONNIE GERNHARD is another seamstress and dress designer who has become quite a professional. LILLIAN PEKLEY and DORIS HEDTKY after holding their co-op jobs for four years, saved enough money to buy a car in which they are still traveling throughout the United States and Mexico.

Driving new cars from coast to coast in the United States is ED HODAKIEVIC. His one desire was to travel and now he is and getting paid for it. This is just a temporary job, however, for soon he is going to become a car dealer himself.

ERNIE KEHN has worked his way up to Chief Janitor at Euclid Central. As a pastime interest he plays basketball.

Working for the Cleveland Automobile Association is FRANK GABRIEL. He is now teaching, or trying to teach, MARY DOWD the safeties of driving. Also working for the Automobile Association, but in the office, is PRICILLA GAROFALO and BETTY MCCARTHY. After trying to become an expert driver for so many years and still ending in court, CAROL SCHAFER is engaged to marry the judge. She learned the hard way!

White Motors now has HOWARD SHEARER on their payroll working as a pattern maker. They also employ RUTH JURCAK as a nurse. The former CAROLINE RADAKER, with her pleasing personality, makes the ideal mother. She now has four youngsters tagging behind her.

Seeing all the movie stars is FRANK SVIGEL. He owns a swank cocktail lounge in California, which has become the rendezvous of many stars. Opening the most modern restaurant in Cleveland is CHARLES CESNIK. It is to be the best in the city. EARL KROCKER and RONALD PETERSON are now co-owners of a cafe, which has proved to be quite a gold mine.

The author of the best novel of the year is none other than DOROTHY STROYER, and RAY FRY has been acclaimed outstanding writer of short stories.

CHARLES TIRABASSO and his brother Dan now own and operate their own radio station. Working for them is control engineer and announcer TOMMY KLISURIC.

Now teaching his students phrases and clauses is BOB KEYERLEBER who is the best known teacher in the city. Making blueprints for Bob's steps in sentence diagramming is ED ZUPANCIC. Together they make a good team.

Marian Zakovsek wills her patience with teachers to anyone who needs some.

Don Znidarsic wills table three at Louie's Pool Room to the Naumann Avenue boys.

Hale Johnson leaves his ability to play the trombone to Bob Bailey.

Joe Likosar bequeaths to Mr. Blackburn his purple drapes plus a pair of suspenders to hold them up.

Ed Mikovic wills his baseball ability to Ed Clark.

Mary Ann Zele wills to all the future "Hi-Y girls" the ability to keep their minds on their studies! ! !

Bob Lehner wills his homeroom teacher, Mr. McBride, to all those fortunate enough to have him.

Ed Zupancic wills his hair to Mr. Fred Vollman so he can get a wife and live happily ever after.

Bob Keyerleber wills his 20-20 vision to any one taking Mr. Blackburn's Senior English course.

"What a Life"

On November 15, 16, 1946, the Junior Class presented "What A Life." The play concerns the difficulties in the life of Henry Aldrich on a typical day in North High School. An examination in Roman History, his failure to get homework done, some stolen band instruments, a second hand tuxedo and his rivalry with George Bigelow for the affections of Barbara Pearson all figure prominently in the plot.

The play, under the direction of Mr. Edward Hoon, was double cast so that more than thirty juniors had an opportunity to appear during the two night performance.

"Every Family

Has One"

The play "Every Family Has One," was presented by the Senior Class on March 27, 28, 1947. The Reardons are a typical American family whose eccentricities, if hilarious, are only normal. Laura, the mother, is a social climber who tells of her glorious ancestry. She is deliriously happy because she has engineered a match between her daughter, Marcia, and wealthy Sherwin Parker. The youngest Reardon, Penelope, is a demon with a slingshot and the piano. Warry, the only son, is positive he is the coming Eugene O'Neill. Reginald, the father, would rather tinker with the automobile than with the ticker tape, and Nana, the wise-cracking grandmother, is only concerned with getting rid of the Parkers. Nana succeeds in doing this with the help of Cousin Lily, an adorable liar from down home with stage aspirations. Lily, arriving unexpectedly, agrees to impersonate the other Cousin Lily if Nana will help her get an acting job. Her performance as the skeleton in the Reardon closet is so convincing and the lurid facts she reveals so hilariously shocking that the mighty Parkers take to their heels in a hurry and Marcia is reunited with the boy she really loves. Nana returns to her wise cracks with the satisfaction of a job well-done and Warry decides that even though his distant relative is a bit on the daft side, she's the only girl for him.

Strike Up the Band

The Symphonic Concert Band of Euclid Central has become one of the outstanding groups of the school due to the reputation it has gained throughout Greater Cleveland. Since 1942, it has maintained its standing as a first division band in the state contest. It was also selected as the clinic band for the Music Educators National Convention in 1946. Consistently placing a high number of winners in the solo and ensemble contest keeps each player constantly at work. During this season the Band will give four classical concerts and as only they can do, will entertain with a "Concert in Swing." The Football season found the band at every game, at home or away, with a snappy new routine each week. The band also played concerts at local industries during lunch hour and at each of the grade schools. An average of 85 public appearances each year keeps band members reporting to school each day at 7:45 (A. M.). Euclid Central is really proud of this group and its director, Mr. Dale Harper.

Angel Voices

For fifty years there has been a choir at Euclid Central. Many have been outstanding and this year was no exception, for the selections presented were truly an embodiment of the fine tradition of American music.

Under the capable direction of Mr. John Beck, the choral group with its one hundred harmonizing voices was continuously busy preparing for its many appearances through the school year. Especially inspiring was the Christmas Concert with the candle-light procession in the darkened auditorium.

From the choir sixteen members are chosen for the Madrigals and others are selected for the Chapel Choir, an impressive group of sixty voices.

A new member of the music faculty this year was Mr. Willard Chapman, the director of the Junior Choir.

Holiday For Strings

The Orchestra at Euclid Central assumes a position that no other group can fill. Its activities are chiefly centered in the cultural side of school life. While the orchestra usually assists, rather than taking the spotlight. Without this group many activities would be less pleasant. Who would want to graduate without the orchestra helping them down the aisle with "Pomp and Circumstance?" What would a class play be like without the orchestra in the pit? Smaller than the band, but more reserved the Orchestra is an important part of the musical activity of Euclid Central.

Make Mine Music

The Junior High Band of Euclid Central was organized in 1942 under the direction of Mr. Albert Mitchel with an enrollment of thirty-five members. The band gave its first concert in the Spring of 1943. Since then it has given at least one concert a semester. Junior solists and ensembles have entered the Greater Cleveland contest for the last five years. This year the Junior Band plans to enter the Greater Cleveland Band contest. The enrollment for 1946-47 is fifty-five members lacking only a few instruments of being a symphonic band.

One of the outstanding organizations of the Music Department this year was the Madrigals, a group of sixteen members chosen from the choir.

Also active was the Boys' Glee Club, a group under the direction of Mr. John F. Beck.

Another popular organization was the Rhythm Masters, our dance band, which made many public appearances throughout the year.

Across the Field

In the fall of 1946, Coach Thompson had a nucleus of many fine lettermen, besides good reserve material to work with. Practice started in August and after weeks of hard work, our gridders were ready for their first instruction in actual league play.

Rocky River invaded the home gridiron, for our first conference game of the year and were crushed 27 to 0. We then went forth to win at Springfield and Wickliffe. The team was now ready for the supreme test, Euclid Shore undefeated as yet was to be host in a battle that probably would decide the conference championship. The game was marked by rugged line play but poor offensive on the part of the boys from Euclid Central. The Lions succumbed to a last half aerial barrage and went down to what proved to be their only defeat of the year.

Joe Lovsin's toe was a constant threat at all times and his quick kick became a potent weapon. Captain was Ed Mickovic, the kickoff and conversion assignments were ably handled by Bill Kerslake and Jim Meglan. While passing chores were divided between Don Pokorny and Rocco Baldassarre. Bob Drobni'ck called signals and Coach Thompson and Jim Calvert directed strategy from the bench. Ivor Bork and Ed DiCenzo made the All-Conference Team.

Our Lions concluded a most successful season with their triumph over the Bedford Bearcats, having held their opponents to a total of 51 points while they crossed the goal line for 161 markers.

A new idea designed to help out the Athletic Injury Fund for the Conference was sponsored by our coach. This was a round robin played at Shaw Field on September 6, which added materially to the fund and it is hoped that it will become permanent.

Basketball

Coach Calvert had enough material this year to make up two first class teams, which he frequently interchanged on the playing court. Although the teams' sparkling defense and fast breaking offense was commendable its scoring power was fairly weak, however outstanding team play and evenly distributed scoring ability enabled our varsity to be better than a "five-hundred" ball club.

Bob Lehner and Hank Eichorn, the tall boys, played center on their respective teams. Bob, who was the more frequent starter of the two, is not only the leading scorer of the team, but also one of the top five in the Eastern Conference. Al Delgado's height aided him in moving up to the starting team as a forward and playing in partnership with spirited Joe Kochevar. While on the other team the boys up front were Stan Poropat and Jack Saefkow. As for the backbone of the team's defense, the guards, we had Art Bosco, Ed Mikovic, Joe Likosor, and Chuck Kase who left with his diploma at mid-year. One of the co-captains, Ernie Kehn and Bob Drobnick, was always on the hardwood.

The Reserves have had a very successful season. Led by captain Frank "Red" Rielly they fought and scored their way to tie for first place honors.

Coach Harold McBride's freshmen have also had a good year and promise a bright future for Euclid Central High in Basketball.

Conference Champs

Last year Euclid Central had the strongest track team since the school joined the Eastern Conference in 1920. Setting new records in all events, except the 100-yard dash, the team was undefeated in Conference competition and won the first Eastern Conference championship in the history of the school. They also placed second in the City indoor meet, ninth in the West Tech relays, third in the Rocky River relays, sixth in the District, and seventh in the State meets.

This year we hope to repeat our victory in the Conference meet, being at almost full strength with the exception of Frank D'Arcy and Ivor Bork, last year's two highest point winners. We already have a good start, being the first cross-country team to enter in the District meet.

In the spring of "46" Euclid Central had an outstanding baseball team, with Mr. Hal Lebovitz as coach. The team earned second place in the conference, winning 7 out of a 15-game schedule.

Turning out for practice this year, under the direction of Coach Albert Miller, were seniors Ed Mikovic, Joe Lovsin, Joe Kochevar, Bob Lehner, Joe Likosar, Lou Mikalich, Art Bosco, and Ralph Hirsch. Juniors also out for practice were Ed Clark, Don Pokorny, Bruno Petricig, Jim Pickman, Ted Grubbs, Steve Haydu, Bob Koren, Stan Poropat, Anthony Martucci, and Dick Cederlund.

Girls' Sports

Under the direction of Miss Betty Key-erleber, the girls of Euclid Central High School are becoming more active in intramural sports each year. This year field-hockey, badminton, volley-ball, baseball, tennis, archery, and basket-ball were played. When the girls master the rules of the sports, tournaments are held. Each grade has a team and the team that wins the tournament receives a plaque from the Girls' Athletic Association with the name of the sport on it. At the end of each tournament an all-star game is played. Points are given to each girl for the sports she participates in. These points are recorded and a G.A.A. emblem is awarded when a total of one-hundred points are obtained.
